INSTRUCTION MANUAL

Please read all instructions carefully before using*

Dear Customer,

Thank you for choosing BOSS ZEST Cordless Blender, of which you are now the proud owner.

Being the inventors of Hand Blender in India in 1985, BOSS Hand Blender enable the users to quickly blend larger quantity of ingredients. It is ergonomically designed for a better grip along with powerful motor, which consumes very less power, to offer you the best of services. Make tasty shakes or whip cream or a dip for any dish that you are planning to cook for your family with much ease.

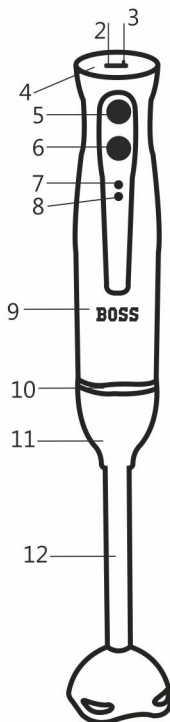

Please read and follow all the instructions given in this user manual carefully, prior to using your BOSS Hand Blender, to get the best result and trouble free operation.

With Best Wishes,

BOSS®

TECHNICAL DATA

Model No	B-129
Input /Output Voltage	DC 5V 2A
Rated Wattage	150W
Charging Time	2.0 Hours
Battery Capacity	1300mAh*2
Rotation Speed of Motor	12000RPM±12%
Working time	Blending : 1 Minute
Rest Time	3 Minutes
Fully Charge	Blending : 10-12 times

The specifications and design are subject to change without notice.

IMPORTANT SAFEGUARDS

WARNING : When using electrical appliances, basic safety precautions should always be followed to reduce the risk of fire, electric shock and/or injury to persons, including the following:

1. To protect against electrical shock, do not put the motor part, cord or electrical plug of this hand blender in water or other liquids. Only the detachable blending shaft of this appliance have been designed for immersion into water or other liquids. Never submerge any other part of this unit. If hand blender falls into liquid, Press stop button, clean the Unit & USB Port. Do not reach into the liquid without stopping unit first.
2. Let hot ingredient cool down before processing them.
3. This product has a built-in lithium battery. It is strictly forbidden to disassemble the product casing to avoid damage or other damage to the battery.
4. It is strictly forbidden to disassemble, squeeze, puncture, short-circuit the product or put it into water, fire or in an environment where the temperature is higher than $\geq 60\pm$.

WARNING

1. Keep hands and utensils out of the container while blending to prevent the possibility of severe injury to persons or damage to the unit. A scraper be used only when the unit is not running.
2. This appliance is intended for household use only.
3. Never use your fingers or an object (e.g. a spatula) to push ingredients down the feed tube while the appliance is running.
4. If a process is not finished in the rated time, please turn off the power to cool the appliance for 3 minutes before next processing.
5. Never let the appliance run unattended or work overload.
6. Blending foods such as bananas that are prone to foam may cause blocking.
7. If the blades get stuck, make sure the blades stop running before you remove the ingredients that block the blades.
8. Do not disassemble or modify this product yourself.
9. Clean the parts that come into contact with food immediately after use. Be very careful when you handle the blades. Be especially careful when you remove them from the bowl or jar, when you empty the bowl or jar and when you clean them. Their cutting edges are very sharp.
